Education

Bachelor of Technology in Artificial Intelligence and Data Science *2021-2025*
Terna Public Charitable Trusts College of engineering - CGPA: 7.52

Higher Secondary Computer Science *2019-2021*
Shripatrao Bhosale Jr College - Percentage: 85%

Experience

Artificial Intelligence Intern [CognitBotz Solutions] *Nov - Present*

- **Agentic Document & Fraud Investigation System Client: Naipunya.AI**

Developed an AI-powered document verification and fraud investigation system using Phi-Agent Framework FastAPI, JavaScript, and Web-Search Tools. Implemented PDF document search, government registry lookups, and CPIB fraud detection with LLM-based analysis. Integrated file processing, web scraping, and automated data extraction for real-time validation.

- **Automated PDF Report Analyzer Client: Adani Labs**

Automated PDF Report Analyzer Developed Python scripts using BeautifulSoup, and Camelot to download, process, and extract data from PDF reports, enabling efficient analysis and visualization of grid frequency, generation, and demand metrics.

- **Conversational AI Chatbot for Insurance Advisory Client: Naipunya.AI**

Developed an interactive Conversational AI Chatbot using Open Source Models, React, Tailwind CSS, FastAPI, and Speech Recognition for real-time user engagement. Integrated speech-to-text, text-to-speech, and multi-language support (English, Hindi, Telugu) to enhance accessibility.

Artificial Intelligence Intern [Infosys Springboard] *Oct-Dec 2024*

- **Predicting Obesity Using Machine Learning and Generative AI**

Designed and deployed predictive models utilizing TabNet, Logistic Regression, XGBoost, and Decision Trees, achieving up to 85% accuracy.

- Integrated Generative AI with LangChain and Google Gemini Model to provide personalized health suggestions.
- Built and deployed an interactive web app using Streamlit, hosted on Render Web Services for real-time predictions and health feedback.
- Implemented CI/CD pipelines and error-free execution scripts, ensuring seamless deployment with minimal downtime.
- Technologies Used: Python, LangChain, Sklearn, Google Generative AI, TabNet, Render, Streamlit.

Data Analyst Intern [Cyber Police Station] *October-January 2024*

- Managed credentials for over 2000+ users on the National Cyber Crime Reporting Portal, improving data integrity by 25%.
- Extracted and organized complaint data into Excel, leading to a 40% improvement in case analysis efficiency.
- Maintained the portal by updating complaint statuses, reducing pending cases by 60% and ensuring timely progression.
- Enhanced victim support by directly communicating with 200+ individuals to provide timely case updates, improving satisfaction by 30%

Personal Projects

MLflow-Integrated Regression Model for Wine Quality Prediction

Designed a machine learning model using ElasticNet regression to predict wine quality with a 15% increase in prediction accuracy, with complete experiment tracking and logging using MLflow.

- Applied train-test splits for model evaluation, achieving RMSE of 0.64, MAE of 0.49, and R^2 score of 0.85.
- Integrated MLflow for end-to-end experiment tracking and model versioning, facilitating the seamless logging of 10+ parameters and metrics.
- Technologies Used: Python, Scikit-learn, ElasticNet, MLflow, pyngrok, Pandas.

Technical Skills and Interests

Languages: Python, HTML,CSS (Basic)

NLP & ML: Machine Learning Library, NLP Techniques, RAG, Langchain Agents,

Relevant Coursework: Deep Learning, Web Development, Data Base Management System, Agile Methodology, Data Analysis, Software Engineering and Testing, Machine Learning, Computer Networks and Cloud Computing.

Development Tools & Framework: Git, Flask, Streamlit , Langchain , Phidata – Agent , Low-Code Tool (Langflow – Flowise ai)

Positions of responsibility

- **Avishkar Hackathon**
- Led a team for two times Smart India Hackathon Internal Selection (TPCT's COE).
- Institutional Level Selection at Smart India Hackathon.
- Collaborated with instructors and 5 other students to lead recitations, grade coursework, and answer 30+ internal questions.
- **First Place, Avishkar Hackathon**

  Achieved first rank in the university-level hackathon
- **National Service Scheme.**

Declaration

I hereby declare that all the information given in this resume is true and I held the responsibility of its authenticity.

Place: Osmanabad **Abhishek Mahadev Mane**

Date: 25/04/25
